

Changes to FY11 Public Library Annual Survey

This document shows the changes made to the FY11 Public Library General Information Annual Survey. I have indicated where questions have been removed or added. When changes are made to a section some renumbering is necessary. In those cases, I have shown how this year's line number corresponds to last year's line number.

Section A:

- ❖ No changes

Section B:

- ❖ No changes

Section C:

- ❖ No changes

Section D:

- ❖ Enrich Iowa amounts will be automatically prefilled on line D08

Section E:

I have reorganized how we report collections in section E. I have separated the downloadable items from the physical items and have labeled them accordingly. There are separate totals for both and a grand total.

- ❖ New items added
 - ◆ **E06 Total books and serials (print and electronic), held at end of year.**
 - ◆ **E12 Total audio materials (physical and downloadable), held at end of year.**
 - ◆ **E18 Total video materials (physical and downloadable), held at end of year.**
 - ◆ **E26 Total physical volumes, held at end of year.**
 - ◆ **E27 Total downloadable materials, held at end of year.**
- ❖ Items removed (line numbers correspond to FY10 survey)
 - ◆ E15 Electronic books, held at start of year
 - ◆ E16 Electronic books, added during year
 - ◆ E17 Electronic books, withdrawn during year

- ❖ Section E has been renumbered to accommodate the new and removed items. The following table is a key showing how this year’s line numbers correspond with last year’s numbers. If a number is not listed in the table, you can assume that the numbering is the same as last year. The totals and subtotals have all changed, so they don’t necessarily correspond directly to a number from last year.

| FY11 Line number | FY10 Line number |
|------------------|------------------|
| E05 | E18 |
| E06 | New |
| E07 | E05 |

Section F:

- ❖ New items added
 - ◆ F13 – Open Access Circulation
 - ◆ F14 – Circulation to all other borrower types
 - ◆ **F15 – Total circulation by borrower type**
- ❖ There are now two totals in section F for circulation. These totals are F09 for material type and F15 for customer type. Both totals should be equal. An “other” category exists for each total to give you the opportunity to account for items that don’t necessarily meet any of the categories. This should help in making the totals equal.

- ❖ Section F has been renumbered to accommodate the new items. The following table is a key showing how this year’s line numbers correspond with last year’s numbers. If a number is not listed in the table, you can assume that the numbering is the same as last year.

| FY11 Line number | FY10 Line number |
|-------------------------|-------------------------|
