Jane Kitson is a national early childhood educational consultant and published author from Atlanta, Georgia who has trained over 60,000 librarians, teachers and speech and language pathologists in 33 states and Canada. Her interactive hands-on sessions are filled with ready-to-implement activities that work right now! Each year, she works with over 3,000 children, ages 2-7, sharing nine different programs that are filled with interactive learning activities.

Participants across the country affirm:
